

Bringing Christ's Light to Those Living in Darkness, \$6500

The purpose of the Lutheran Braille Workers, Inc. is to fund production of Specialized Large Print Bibles and other Christian materials in English and Spanish. The LWML Oregon District has two LBW Ministry Production Centers located in the district. One center, located in Gresham, OR, has been operating since 1984 and produces Large Print ESV Old Testament volumes. The second center in Roseburg, OR has been operating since 2008 producing Specialized Large Print English and Spanish Old Testament volumes of the Bible and other Christian materials. There are 241 million people, worldwide, who are blind or visually impaired and unchurched. Yet Lutheran Braille Workers is the only Lutheran organization who intentionally serves this population for in the US and across all continents. These Ministry Production Centers operate solely through the efforts of many dedicated volunteers.
